Beware, these webinars are not for the faint-of-heart or cynical participant. They are designed for individuals & teams willing to engage new resources, skills and are thinking outside the box.

What You Will Learn

Recent Trends, Successes, Major Players, "What's Hot", Search Engine Sources, Local Event Sources and What's Changing. You will see examples of how to approach target market, how to improve the customers purchase and direct them to new purchases.

Healthcare & Nutrition represents one of the great economic challenges of this generation. The medical profession is slowly acknowledging that Western traditional practices don't have all the correct answers; there's much to be learned and used from other cultures --- which is an exploding subculture phenomena --- from your local yoga class, to Far Eastern herbs. This program focuses on a broad range of healthcare markets that in particular call for more effective communications, especially to senior citizens, who tend to prefer print. This program categorizes and provides information resources that need promotional communications from organizations like yours.

Who Should Attend

Business Development Directors, CEO's, CFO's, and top performing business development teams (e.g., Sales Reps, Account Executives and CSR's).
